

Program for individual CF therapy Training program: OIRM travel award application form

The Ontario Institute for Regenerative Medicine is happy to provide travel support for select trainees based in the laboratory of an [OIRM scientist](#). If you are unsure if your PI is an OIRM investigator please email jodi.garner@oirm.ca.

Ontario trainees based **outside** of Toronto should complete the [CF Canada-Sick Kids Program for individual CF therapy training program travel award application form](#) to be considered for either the CFIT and OIRM travel awards. OIRM support for select OIRM trainees will cover transportation and accommodations to a maximum value of \$1,500 in accordance to OIRM's travel policy.

Toronto based trainees should complete the below application form to be considered for registration subsidy to cover the workshops registration fee of \$1,200. Reimbursement of this fee will be provided to select trainees following the successful completion of the workshop.

Application deadline: **March 31, 2019.**

Name:	
E-mail address:	
Phone number:
