

From our research team, we wish you the best during this holiday season!

Key Updates

Project 1: Quality Indicators for Transition from Paediatric to Adult Care

What's been happening in the last 3 months:

- Terms of Reference living document was reviewed by the iKT panel with feedback provided.
- Draft of study protocol manuscript is almost complete and will be sent to all co-authors for review in the new year.
- 2023 Children's Healthcare Canada – Transition to Adult Care Conference.
 - Two posters were presented during the conference.
 - Rich discussions on OMD participant recruitment consideration and strategies at hub meeting.
 - Dr. Toulany, Sarah Mooney and one other youth partner led a skill-building workshop on communication.
- RAND Corporation and SickKids research agreement has been completed, and the research team will meet with RAND (Dr. Khodyakov) in the new year.

What's coming up:

- Refinement of the quality indicators to be brought to the iKT panel and co-authors for the next meetings in the first quarter of 2024.
- Preparation for the Online-Modified Delphi (OMD).
- OMD participant recruitment; let us know if you want to support our recruitment efforts.

Project 2: Scoping review on patient, caregiver and knowledge user engagement in consensus-building healthcare initiatives

What's been happening in the last 3 months:

- Level 1 and 2 screening are now completed.
- Study protocol manuscript under review at BMJ Open.

What's coming up:

- Data abstraction, data analysis, and review write-up ongoing.
- A new research coordinator recruited to support data extraction – welcome Vjura Senthilnathan!

"Alone we can do so little, TOGETHER WE CAN DO SO MUCH." – **Helen Keller**
